"Comprehensive and empowering... A must see!" - William Sears, MD

"The most breathtaking, beautiful, accurate, updated videos I've seen on birth and breastfeeding...a blockbuster that is going to change the world!" - Katy Lebbing, BS, IBCLC, LLLI Breastfeeding Center Moderator

"Breastfeeding Advocates Hail Video Series" - Dallas Morning News

"...beautifully-produced, comprehensive exploration of breastfeeding... featuring world authorities... and mothers of various ethnicities... Highly recommended." - Video Librarian

"This set is quite thorough in scope and should meet the needs of breastfeeding education in a variety of settings. The content is extremely comprehensive. For libraries supporting patient education and health-care training collections, the entire set would be useful." - Library Journal

"The target audience could be expectant parents or health professionals... there is an excellent blending of many cultures rather than a stark difference as seen in many teaching videos... a modern production... quality footage and graphics reflect the director's extensive videography experience and passion for birth, breastfeeding, and babies." - Lamaze International

"I think we need every mother to be like Stephanie. If we have people like Stephanie in every country, I think we'll be in much better shape because it's the mothers, and only mothers that can make the difference... The mothers are the centerpiece of all the work." - Scientist Randa Saadeh, World Health Organization

"You're doing a good service by making these films. Show it to as many people as you can because we'll all be better off for it. Not only will we have a better nourished and healthier world, but we'll have a more peaceful world." - Dr. Paul Fleiss, Pediatrician

"I have used Mother of 7 DVDs as teaching tools in my undergraduate Lifecycle Nutrition classes...excellent resources, which the students clearly relate to...promoting class discussion. Highly recommended." - Bridget L. Wardly, MS, RD, NYU Dept. of Nutrition, Food Studies & Public Health

"When hospitals and organizations are looking to promote health, not formula, Mother of 7 DVDs and Baby-friendly bags are an answer. The customized system allows innumerable choices for educating the educator as well as the expectant, new parent...Invest in education for a healthy mother and child." Karen Peters, MBA, RD, LCCE, IBCLC, Ex. Director of Breastfeeding Task Force of Greater Los Angeles

"Finally, Baby-friendly bags with incredible content mothers can take home! I think they are absolutely terrific. Our mothers are so excited to get their own personal breastfeeding bags and DVDs for review and support. The fact that they are multi-lingual is of great help to my mothers and staff. Thanks gain for putting together such a great product!" - Jamillah Hoy-Ross, MPH, RD, CDN; New York WIC Breastfeeding Coordinator

"With over 10,000 births annually, Northwestern Memorial's new, state of the art Prentice Women's Hospital offers only the best, including Mother of 7 Baby-friendly gift bags received by every expectant mother taking our breastfeeding class." - Kim Wilschek, RN, CCE; Manager, Women's Programs & Education

"Mother of 7 Multi-lingual Breastfeeding Basics & FAQs 2-DVD Set is the best resource I have found for moms to take home in Baby-friendly Bags, reinforcing education and instruction received before and after delivery. The customized bags are ideal for packaging information supporting exclusive, long-term success. Way to go Mother of 7, Inc.! - Becky Derifield, Kentucky WIC Breastfeeding Coordinator, MA, CN
